

A.O.C. Muscadet de Sèvre-et-Maine

The House of Chéreau Carré occupies the most privileged position in the Loire-Atlantique department of France. This family-owned property dates back to the 15th century. The vines here are some of the most prized in the region of the Sèvre-et-Maine.

The property is managed by Bernard Chéreau, whose family origins date back to the eleventh century. Bernard's passion for Melon de Bourgogne is evident in the quality of his wines.

Château l'Oiselinière, meaning "owl's nest," comes from a very privileged site located on the northern bank of the Sèvre, near the confluence of the Sèvre and Maine rivers. It is 10 hectares of 40 to 80-year-old vines facing Southeast, enclosed by the two rivers and surrounded by forests. The soils here are schist and orthogneiss. Two wines are sourced from this vineyard site and both are fermented with indigenous yeasts and aged on the lees in cement tanks. The Château l'Oiselinière de la Ramée is the newer of these two wines and is aged for six months while the Le Clos de Château l'Oiselinière, sourced from a two hectare plot of the older vines within the vineyard, is aged for 31 months.

Château l'Oiselinière de la Ramée 2015

- Grapes:** Melon de Bourgogne
- Vine age:** Over 40 years
- Soil:** Schist and orthogneiss
- Farming:** Ecological Farming
- Vinification:** Temperature controlled fermentation in stainless steel and then aged 6-8 months on the lees.
